CONVOY OPERATIONS

SITUATION:

Terrain:
Densely populated, congested, built up urban area. The area north of AO is a farming region with several medium sized towns. There are numerous irrigation ditches throughout the AO.

Friendly:
CF units are located at FOB Thunder . No other units are expected in sector. ANP units are in sector occupying various checkpoints.

Enemy:
Taliban sympathizers in the area are seeking to disrupt and prevent the upcoming Sh'ura meeting by demonstrating a lack of support for the local CF and Provincial/local government. Increased protests and demonstrations are expected. There is the potential risk of Taliban militants gaining and increased foothold over the local populace .

ROE (**REVIEWED**)

YOU ARE AUTHORIZED TO USE FORCE IN SELF-DEFENSE AND TO ACCOMPLISH THE MISSION AS ORDERED BY YOUR COMMANDER.
You may engage individuals based on their conduct, if they are:

Committing hostile acts.
Demonstrating hostile intent.

****Positive Identification (PID) is required prior to any engagement.**
You must be reasonably certain that your target is the source of the threat.
Escalation of Force (EOF). If time and circumstances permit, use EOF to determine whether hostile act/intent exists. When a hostile act or hostile intent is obvious, you may immediately engage with force to stop the threat.
Warning Shots. Warning shots serve a narrow function and should only be fired against a safe backdrop. They may be used as a signal to cease threatening activity, but should generally not be used against mounted threats or as a means of crowd control.
The use of force, including deadly force, is authorized to protect the following: (1) yourself, your unit, and other friendly forces: **(2)** detainees; **(3)** civilians from crimes that are likely to cause death or serious bodily harm; **(4)** personnel or property designated by the OSC when necessary to restore order and security.

MISSION:

"Your Unit" provides escort to 13th BSB logistics push convoy from COP Arrow to FOB Thunder and back along MSR Detroit NLT 0200 local in order to provide convoy security.

RISK ASSESSMENT:

•IEDs- Use of CREW devices; vehicle interval; 5/25 checks; fire/evac drills; use of alt. RTEs;
• Vehicle roll-over-secure loads; use of seat belts; vehicle speed; continuous communications

COMMANDER'S INTENT:

Task/purpose: *Conduct convoy to FOB Thunder to link-up with 13th BSB and provide escort for logistics convoy to CP Arrow along MSR Detroit.*

Key Tasks:
-Safe conduct of all movements
-Decisive action against any enemy forces
-Ensure proper PID and the use of EOF with consideration toward the local populace

End state:
The safe escort of all assigned vehicles and equipment to the RP without the loss or damage to personnel

EXECUTION:

Concept of Operation: *"Your unit" will depart COP Arrow NLT 1300 local from the SP and travel west along MSR Detroit to FOB Thunder to link-up with the 13th BSB logistics convoy. Your squad will refuel and provide escort to the convoy on the return from FOB Thunder along MSR Detroit and return to the staging area NLT 1800.*

Task to subordinate units: (what specific tasks each team is responsible for {i.e. sectors of fire, CLS, Aid & Litter, LZ marking, vehicle recovery, etc})
